NATIONAL CONVENTION IN SESSION AT CHICAGO

Wood's Chances Look Good, But Deadlock Seems Inevitable

Chicago, June 8.—With its old-time leaders unopposed, and its favorites for the presidency deadlocked, the Republican began its National convention here today under conditions of uncertainty unparalleled in recent political history.

Unbowed and largely unopposed, the delegates are asking one another tonight in what direction they were straying and when will the master arise to lead them out of the wilderness of their own indecision, in the noisy turmoil of the convention.

The only definable trend seemed to be driving Wood, Lowden and Johnson into a deadlock fight, which it was recognized everywhere might destroy them all. Oldtimers, reflecting that it is but a step from a deadlocked to a stampeded convention, wondered what might happen next unless some tried and trusted leader settled himself securely in the saddle.

Dark Horse Talk

The talk of a dark horse began to revolve last night about disclosures of the senate's campaign of investigation and those who advocated a dark horse nomination, predicted in the end that no man whose name is involved at all in the evidence of the investigating committee could be put before the country as the party's choice.

TEACHERS ELECTED

The annual election of teachers for the common schools was held in the six divisions of the county, Saturday. The Superintendent has not yet received reports from all the divisions.

Below will be found a partial list:

Division 3

Sulphur Springs, Mrs. Birdie Midkiff; Schroeder, Mack Martin; Tanglewood, Marshall Crowe; Ricketts, Otis Carson; Fairview, Miss Loretta Crowder; Victory, Miss Cliffee Felix; Beech Valley, Mrs. Ollie Duff; Beech Grove, Miss Evelyn Foreman; Basham, Miss Rhoda Whitehouse; Narrows, Miss Abbie Whittinghill; Baymus, Miss Ruth Foreman; Palo, Miss Susie Raymond; Cedar Grove, Otis Stephens; White Oak, Jesse Byers; Hickory Grove, Stanley Phillips; Concord, Ozna Shultz; Sunnydale, J. W. Kirk; Edwards, J. W. Myers; Olaton, Miss Monnie McDaniel; Rockport (col.) Mattie Johnson; Hayti (col.) Marilda J. Baker.

SPECIAL SERVICES SUN-

J. Walter Greep, of Tusculoo, Ala., will preach at the Christian church next Sunday morning and evening, June 13th. The morning subject will be "The Gospel Plan for Christian Union." He is a member of the Alabama University Guitars Trio, which has been playing in public with much success, and will give some of his religious solos on the guitar, in the Hawaiian music. Everybody cordially invited.

DAY DISTURBERS FIND

There have been a number of cases tried in county court, here this year, where the charge was disturbance of public porch, and in every case some of the accused parties have been fined. There seems to be a determination on the part of the officials as well as the church going public to stop this form of lawlessness.

WHOOPIING COUGH CAUSES BABY'S DEATH

John Nicholas Himes, two weeks old son of Mr. and Mrs. Edward Himes, of Hartford, died Friday, June 4, after a brief illness of whooping cough. Burial occurred at Oakwood cemetery in this city.

WILL PROBATED

The will of Hon. H. P. Taylor, deceased, was probated in County Court, Monday, Dr. Woolfolk Barrow, of Lexington, and John Taylor, of Hartford, were appointed executors.

SCHOOL NOTES

The County Board of Education has passed a ruling that rural schools in Ohio County must begin either July 12 or August 9 this year. The choice of the two dates is left with the trustee of each district.

According to a recent ruling there is now but one class of rural school, so that now all are first class. Both first and second class certificates will be granted, but a teacher holding a second class certificate may teach in a first class school provided the certificate was made this year.

WILLIAMS-MCKINNEY

Mr. Harry McKinney, and Miss Altha Williams were united in marriage at the home of Rev. J. N. Jarnagin, June 3rd, at 2 p. m. Immediately after the ceremony leaving for their home in Bowling Green.

Mr. McKinney is a prominent young man of Bowling Green and the son of Mrs. Gertrude McKinney Long, formerly a resident of Beaver Dam, later of Hartford. Miss Williams is one of Beaver Dam's most popular young ladies and a daughter of Mr. J. D. Williams (deceased) and Mrs. Jane Williams, of Beaver Dam. This worthy young couple have many friends who wish them every success in life.

TAYLOR-DUNCAN

Mr. H. Y. Taylor, of Spice Knobs, announces the marriage of his daughter, Mary Belle, to Mr. R. R. Allen Duncan, of Maceo, Saturday evening, May the 29. Rev. Norris Lashbrook, a cousin of the bride, performed the ceremony.

Mr. and Mrs. Duncan left Monday for Terre Haute where they will make their home.

Mrs. Duncan is well known here having visited her sister, Mrs. Howard Ellis here several times.

DAY-DEVER

Miss Zella Day, of Olaton R. 1, and Mr. Otis Dever, of Hartford R. 1, were united in wedlock at the court house, here Saturday, Judge Mack Cook officiating.

The bride is the daughter of Mrs. Janie Day, and is a popular young lady. The groom is the son of Mr. Miles Dever, and is an industrious young farmer. The newly weds will make their home in the Red Hill neighborhood.

RENFROW-STANBLER

The many friends of Miss Ello Renfrow will be interested in the announcement that she will be married to Mr. Isaac Stambler, of Louisville, July 4.

Miss Renfrow is the daughter of Mr. and Mrs. Fitzhugh Renfrow, both deceased, of Narrows, Ohio County, and Mr. Stambler was reared in McLean County.

COOK-MADDOX

Mr. Harrison Maddox and Miss Duma Cook came to Hartford, one day last week and were united in matrimony by Judge Mack Cook. The bride lives at Echols and the groom is a citizen of Martwick, Mublenberg County.

FULKERSON-COOPER

Mr. Oval Cooper, Echols, age 21, and Miss Edith Fulkerson, Echols, age 20, were married at the court house here, the latter part of last week, Judge Mack Cook, officiating.

BACK HOME

Rev. J. Walter Greep is spending a few days here, enroute to the Middle West where he will deliver several lectures. He will visit Illinois, Missouri and Iowa, delivering the address at the Canton (Mo.) College summer school, and will return to his home at Tusculoo, Alabama, in a few weeks.

LEAF "TRUST" QUIZ VOTED BY HOUSE

Fields Bill to Probe Drop in Loose Leaf Prices Given Passage

Washington, June 7.—The Federal Trade Commission will investigate the price paid by tobacco companies for loose leaf tobacco on the last market to determine comparative depreciation in prices of tobacco on loose leaf floors and of the manufactured product and the cause of decline in prices paid for loose leaf.

Authorization for this investigation was given by the House when it passed a resolution, introduced by Representative W. J. Fields, Ninth Kentucky District, and reported favorably Monday by the Interstate and Foreign Commerce Committee.

The resolution provides that the commission report to the House and the Department of Justice on this investigation, on or before the first Monday in December, 1920.

In speaking on his resolution Representative Fields said loose leaf tobacco had been forced below the cost of production by what he described as a "tobacco trust."

The Kentuckian declared that composing the trust of which he complained were the American Tobacco Company, Liggett & Myers, the R. J. Reynolds Company and the P. Lorillard Tobacco Company. He added that he was unable to explain their organization.

MRS. TABITHA ANN BAIRD

Mrs. Tabitha Ann Baird, widow of the late Samuel L. Baird, died at her home near Alexander, about three miles from Hartford, Monday June 7, of oedema of the lungs. Her age was 86 years, 1 month and 16 days. She was a well known, loved and respected old lady.

Among relatives yet living are 4 sons and 1 daughter, as follows: T. L. Baird, Whiting, Ind.; James A. Baird, Hartford; Hardin Baird, on old home place; Rufus Baird, Beaver Dam; and Mrs. Warren Bennett, Beaver Dam. She leaves a large number of grand children and great grand children.

Funeral services were conducted at 10 A. M., Tuesday at Alexander, by Rev. R. D. Bennett, and the remains were then interred in the cemetery nearby.

NEW SCHEDULE FOR M. H. & E. TRAIN

The "Mason Limited" made its initial run Sunday over the M. H. & E. road and was loaded to the guards before reaching Moorman on its west bound trip. The train crew report a good business both ways, and say that the patrons along the road seem very much pleased with the service they will get in future.

W. W. HOCKER, Beaver Dam, Ky.

The above prices have been agreed upon between W. W. Hocker and Ellis Ice Co., Hartford, Ky.

Mr. and Mrs. Delbert Barsard spent Saturday with their uncle, Mr. Thad Barnard and family.

BAN LIFTED ON "HOME BREW" WITH A "KICK"

Prohibition Commissioner Exempts Cider and Fruit Juice Beverages

Washington, June 5.—Lifting of the prohibition ban on the production and consumption in the home, of fruit juices and cider is the effect of a ruling made by Prohibition Commissioner Kramer.

As forecast in The Courier-Journal several weeks ago, the ruling provides that it must be determined as a matter of fact, that fruit juices and cider, manufactured in the home and strictly for home consumption, are intoxicating before the prohibition laws can be applied.

Inasmuch as it is admitted by prohibition agents that it will be impossible to go into every home where such beverages are produced, and to prove in every instance that the beverage is in fact intoxicating, the ruling practically lifts the entire ban on these productions.

The ruling means that even though cider and fruit juices, made and consumed under the conditions specified, contained 1 per cent alcohol, or less than one-half of 1 per cent, in a prosecution through expert testimony or through evidence of same character, the judge or jury would have to decide that the beverage was in fact "intoxicating liquor."

That the action is not a liberalization of the law in particular, is the contention of the prohibition agents. The liberalization, in fact, was in congressional action and the ruling of the agents was made after a long study and discussion of the Congressional Committee hearings.

LARGE CROWD EXPECTED AT LOT SALE SATURDAY

As advertised elsewhere in this issue, the Wakefield-Davis Realty Co., of Shelbyville, Ky., have subdivided the 40 acre farm in the western part of Hartford, recently purchased from Mr. J. D. Duke, and will sell these lots at public auction next Saturday.

We have just examined newspaper clippings from numerous places where this company has conducted such sales, and in all previous transactions of this kind, they have been very successful in selling all the lots at good figures.

They have named this new addition Rose Dale and should it become a residence section, it could be made one of the most beautiful parts of the city.

They offer to every white person over 15 years of age present at 9:30 on the day of sale, a chance at a good lot and \$25 in cash. The company has also very generously given to the ladies of the Methodist church the privilege of serving dinner on the grounds, and it is believed the ladies will realize quite a neat sum from this source.

BUSINESS DEAL

Mr. L. S. Igleheart has recently purchased from Mr. Ira D. Bean, his stock in the firm of Carson & Co., as well as his residence on Walnut Street. Mr. Igleheart is a son-in-law of Mr. J. H. B. Carson and has been acting as salesman in the store for several months. The entire stock in the firm is now owned by Messrs. Carson and Igleheart. Mr. Bean was formerly a salesman for the firm, but for several years has acted as traveling salesman for a New York clothing concern. Mr. and Mrs. Bean will remain citizens of Hartford until sometime this fall, when they will probably move to Louisville.

FISCAL COURT HOLDS SESSION

The Ohio County Fiscal Court met in special session last Wednesday. County Judge Mack Cook and the following Justices were present: W. S. Dean, B. F. Rice, B. C. Roads, W. C. Daugherty, G. W. Rowe, Q. B. Brown and Ed Shown.

The court appointed Rowan Holbrook, S. T. Barnett and F. M. Hoover as Commissioners to have charge of the preliminaries and arrangements for beginning construction of Hartford-Owensboro highway.

SPEAKER RULES HOUSE LIKE DESPOT OF OLD

Refuses to Allow Unanimous Consent Request When Demanded

Washington, D. C.—"Gillettism" has succeeded "Cannonism" in the House of Representatives, and in much more virulent form. Democratic leaders in the lower branch of Congress charge.

One of the latest demonstrations of the autocratic sway which the Republican majority maintains over the House in the extreme partisanship which has been so manifest during the present session came recently when Speaker Gillett refused to even recognize Democratic members to prefer unanimous requests to the House.

The incident came while Representative James F. Byrnes, of South Carolina, was speaking to a resolution for an inquiry into the expenditures of the House Select Committee on War Investigations, which he had charged had been extravagant and without warrant. Mr. Byrnes was exposing the partisan nature of the investigations which the Republican majority had been conducting, and had bared some of the methods resorted to in an effort to find some "scandal" or other wrongdoing on the part of Government officials during the conduct of the war.

Mr. Byrnes had not quite concluded his speech when his time expired. He asked the Speaker for recognition to ask the House for a five minutes' extension of time. Speaker Gillett refused to recognize him. Instantly a storm broke; several members of the House were on their feet. Former Speaker Champ Clark, the Democratic House leader, sought recognition to request the extension of time for Mr. Byrnes, but Gillett also refused to recognize him.

Makes Speaker Supreme

Although there are 435 members of the House, of whom the Speaker is, of course, but one, by such arbitrary and autocratic ruling the Speaker, under the partisan policy now being pursued in the House, may deny any member a chance to life his own on the floor, regardless of whether the other 434 members wish him to be heard. In other words, the Speaker's will, under such a ruling, is the law of the House, and the House itself may not disregard it.

Old members say "Cannonism" in its rule-of-iron days was nothing like this display of "Gillettism." And to indicate that it is a deliberate policy, and not merely a ruling made in the heat of passion, Speaker Gillett is said to have subsequently informed Mr. Byrnes, in private, that it would be his policy in the future not to recognize members to even prefer unanimous consent requests unless he "wished to."

DISCIPLES GIVE \$250,000 IN DRIVE

Dr. Clifford S. Weaver to Direct
Campaign Until Churches
All Take Part

Lexington, Ky.—Dr. Clifford S. Weaver will be in charge of the Kentucky Division Disciples World Movement until the \$1,200,000 quota for the year has been raised or until every Christian church in Kentucky has had the opportunity of saying whether it desires to have its share in the movement. Dr. Weaver said the total pledged to date was in excess of \$250,000.

"We are proud of the effort made by the Disciples churches which have responded so nobly to the call for Christian service," said Dr. Joseph W. Hagin, state director of the campaign, on the eve of leaving for Covington to preach in his own church in that city Sunday. "It has been a lesson to us in unselfish devotion to the cause of the Master and to the great cause of education and missions of the Disciples Brotherhood. The fact that many churches have had other campaigns on their hands and have not had the opportunity to make the campaign necessary to raise the quotas assigned to them has handicapped us and made necessary a continuance of the campaign. Dr. Weaver is amply able to look after it, and opportunity will be given before it closes for every member of the Christian church in Kentucky to give or pledge a sum of money for this most worthy cause."

"Surely the gifts of the churches which have responded to our appeal is like treasure laid up in Heaven, for it will make possible the payment of living salaries to hard-pressed teachers in our colleges and improvements which absolutely were necessary, if these colleges were to maintain their standard of excellence in former years."

Dr. Weaver will have an office in the Central Christian Church's educational department, from which he will conduct the campaign for the remainder of the fund, which it is hoped to raise within the next two months.

CROMWELL

Farmers are very busy with their work, and if the rain will abate for awhile the farmer will get out a good crop yet.

The Cromwell Mason Lodge was honored by having Supt. Adams with us last Tuesday evening and night. There were a number of lodges represented, Beaver Dam, Hartford, Morgantown, Rochester, McHenry, Hancock and Rockport. After 6 o'clock supper the members of all lodges represented met in hall for work in M. M. degree.

Sunday school at Green River church is progressing nicely with Warren Shields Supt. and Mrs. Laura Edmons Sec. and Treas. We invite all to take part in the Lord's work.

C. W. Stevens will leave in a few days for Kansas, where he goes to thrash wheat.

Preaching at Green River church first and second Sunday in each month.

Bradley Thomas, of Hartford, visited Wayman Wade, last Saturday and Sunday.

Quite a crowd of young folks have gone to Bowling Green, to work in the Strawberry field.

Success to the Hartford Herald and its many readers.

ARMY WORMS ON IN DAVIESS COUNTY

The army worms have made their appearance on the Henderson county border line and are coming over into Daviess county. County Agent Whitehouse was called to the Richland farm and Murphy Bros., where the army worms have eaten heavily into the meadows. The bran bait poisoning is recommended. They are noted making their way in numbers from the meadows now to the corn fields across the road in that district and they are especially fond of red top and timothy.—Owensboro Messenger.

Takes Hold And Helps

Colds that "bang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Marie Heisler, Freeport, Ill., writes: "I had more or less of a cough for years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Children like it.

CROP OF COTTON IS THE WORST EVER KNOWN

Washington, June 7.—Reporting the condition of the cotton crop on May 25, at 62.4 per cent of normal the department of Agriculture announced that this was the lowest mark in its record of fifty years and that the recurring statement, "worst ever known," was confirmed.

The lowest previous condition report on May 25 was 69.5 per cent in 1917. Last year's figure on this date was 75.6 per cent.

"Cotton is reported as poor to bad in all cotton states, and in almost every county in the cotton belt," the announcement said. "The season throughout the belt is from four to six weeks late."

The report said that excessive winter and spring rains packed the soil and subsequent lack of shortage of normal rainfall over much of the belt from Texas to North Carolina caused the rapid drying out of the hardpacked surface. Much planting was done in "the mud," and the cold, wet soil caused much rotting of seeds, while the cold nights and that bad come to a stand and left frost caused a loss of many fields many other thin and backward, lacking color and vigor.

Replanting has ranged as high as 40 per cent in some states and planting and replanting are still under way in all states, the report added.

SHE'S 87, BUT PREFERS FLYING TO ROCKING CHAIR

Brattleboro, Vt., June 5.—Fred Harris, former Army aviator and widely known tennis player, took his grandmother, Mrs. F. H. Harris 87 years old, for an airplane ride on her birthday.

They climbed 3,000 feet. "Wonderful," exclaimed the grandmother; "just like sitting in my rocking chair."

6 MADE UNCONSCIOUS BY BOLT; 3 MAY DIE

Madisonville, Ky., June 5.—Lightning today rendered unconscious six men sitting in front of a restaurant at St. Charles, this county. Three probably were fatally injured.

The dangerously hurt are Walter Smith, Ed Adams and E. Lansden. The others injured are W. T. Craner, principal of the St. Charles School; Raymond Settle and James Blanchard.

The bolt, which preceded a severe electrical storm, bowled the men over like tempests. Their faces, necks and shoulders were burned.

LOOKING BACKWARD

(By William R. Shields)

I love to think of days in camp, when early in the morn,
I faintly heard—and deeply cursed—the burgler's raucous horn:
I sit and dream of training days when I would hike and drill,
And learn a thousand fancy ways the subtle Boche to kill;
And often from the field I'd trudge with sweat upon my brow:
I love to lie in bed and think, I needn't do it now.

I love to think of days—and nights—when in the snow and rain,
I stood on guard, and froze my feet, and almost went insane;
I love to think of slushy days when on my sturdy back
I tote through France's sticky mud a hefty army pack;
And oft at night I'd hunt a berth in some damp, chilly now:
I love to lie in bed and think, I needn't do it now.

Ah, well! "the moving finger writes and, having writ, moves on;"
Those days (alas!) will ne'er return—they are forever gone;
The time has passed when I was wont to stick the husky Hun;
I'm just a drab civilian, bo—I miss the old-time fun;
But still I don't feel very blue; I kiss my loving frau,
And lie in bed, and thank my stars I'm not a soldier now.

The Meaning

Optim: "Marriage is the logical conclusion of the average normal man."

Pessim: "Let's see. Conclusion means finish, doesn't it?"

It's Revenge!

Passing through a military hospital, a distinguished visitor saw a horribly wounded private from one of the Irish regiments.

"When are you going to send that man back to the States?" he inquired.

"He ain't going back to the States he's goin' back to the front," an orderly informed him.

"Back to the front?" exclaimed the visitor, "but, man, he's in awful shape!"

"Yes," replied the orderly, "and he thinks he knows who done it."

COMPARISON INVITED BY DEMOCRATIC LEADERS

Proud Party's Record, as Contrasted With Failure of Republican Congress

Washington, D. C.—Democratic leaders in Congress occasionally make reference to constructive legislation enacted by Congress when in the control of Democrats. The record is written and is easy of comparison with the record of failure of the present Republican Congress.

Representative Rouse, of Kentucky, a Democrat, recently cited some of the acts which the Democratic Congresses wrote between 1912 and 1918. Here are some of them:

Direct election of United States Senators; publicity for campaign contributions; Sherwood pension act; Eight-hour day; Children's Bureau; extension of parcel post system; creation of Department of Labor; establishment of rural credits system; enactment of Federal Reserve law; passage of income tax act; vocational education bill; Lever agricultural extension act; Clayton anti-trust law; establishment of Federal Trade Commission; cotton futures act; seaman's law; good roads legislation; espionage act; Webb export trade act; food control law; act permitting co-ordination of executive bureaus for the better conduct of the war.

This is not a complete list, but is sufficient for purposes of comparison with the record of the present Republican Congress.

One of the oft-made declarations of the present Congress is that it would repeal war emergency legislation. The latest move in that direction was made by Senator Jones, of Washington, who introduced a bill for that purpose.

This Congress has had twelve months in which to repeal this emergency legislation. The President called Congress together in May, 1919, and made certain recommendations for constructive legislation to enable business and industry to get back to a peace-time basis. Tax law revision, tariff adjustments and other important readjustments were urged by the President, but his suggestions have been completely ignored.

Senator Jones knows the Senate masters, Lodge, Penrose and Smoot, will see that his bill "dies sleeping." Talk of repealing this and that law and of passing this and that bill is for some consumption for campaign purposes; is merely a camouflage for political play and to afford a vehicle for attacks on the President.

Senate delay in confirming the nomination of Henry Morgenthau to be Ambassador to Mexico is causing embarrassment at this new crisis in Mexican affairs. Mr. Morgenthau was regarded as being peculiarly fitted for the difficult post at the Mexican capital. It is urgent that he be at that post. But Senator Lodge, who believes no good can come from the White House when it is occupied by a Democrat, won't allow the Foreign Relations Committee to act on Morgenthau's appointment.

Republicans in Congress cry out that American interests in Mexico are not being protected, yet refuse to allow the President to send an Ambassador to that country to protect those interests.

Republican leaders in the House have made a "mess" out of soldier bonus legislation, simply because they are trying to play politics with the question. Had they co-operated with the President and with Secretary Lane when they brought the soldier legislation subject to the attention of Congress a year ago, they would not now be in their predicament. But they refused to allow the name of any Democrat to be linked with any legislation, and they are in the quicksand—the harder they struggle trying to get out of the mess they are in, the deeper they sink. They refuse to allow the name of a Democrat to be linked with any act of Congress. One is reminded of the time when Speaker Gillett let it be known that none but a Republican would be allowed to introduce a resolution providing for a Congressional welcome to General Pershing upon his return to America from France.

Official Business

A returned doughboy was whistling loudly in the lobby of an exclusive hotel when the frate manager appeared.

"Here you," he remonstrated. "Don't you know it's against the rules of this hotel to whistle?"

"That ain't an ordinary whistle," objected the soldier. "I'm piping the mascot of my outfit."

Fordson Tractors

Will help you to catch up with your farming. Buy one, run it day and night, keep water and the proper oils and greases in it and it won't get tired. Shortage of farm help and irregular seasons make the use of tractors imperative. Henry Ford & Son make the tractor best suited to our medium size farms. There is no doubt about it, the Fordson Tractor is the best Tractor made for the money it costs, BUY A FORDSON.

Good Plows, Good Harrows, Good Corn Planters, Manure Spreaders, Cultivators.

We can give you the best to be had, and the best only costs a little more than the medium and poor.

Everything in stock now ready to deliver, but the man who waits to the last minute nearly always gets left. Get busy now, get everything bought and out to your farm ready, so you won't lose a minute when your soil will do to work. We are ready with the Implements and the Tractors, with competent men to show you how to use them and take care of you. We are the authorized Ford Agents.

We have a new up-to-date Brick Garage, equipped with all the latest machinery to repair successfully all Ford automobiles and Tractors. You have something substantial behind your purchases here. Don't take a desperate chance; play safe and buy at this store.

A MERCILESS JUDGE

One Who Shows No Favor
A merciless Judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Hartford resident has withstood this sternest of all tests.

S. L. King, prop. harness and grocery store, Main St., Hartford says: "I consider Doan's Kidney Pills a good medicine for kidney trouble for they have done me a great deal of good whenever I have had occasion to use them. Several times I have suffered from pains that I knew were caused by weak kidneys. At those times I got Doan's Kidney Pills and used them as directed. They never failed to cure the attack."

OVER FOUR YEARS LATER, Mr. King said: "I still have an excellent opinion of Doan's Kidney Pills. I use this remedy occasionally and always have wonderful results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. King had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

Instead of passing legislation to low-
er the High Cost of Living; and thus
give real service to millions, the Re-
publican Congress has devoted its
time to opposing one man. History
does not show a more flagrant viola-
tion of trust.

The genus "tractor" has invaded
our country in considerable numbers
this year and its noisy breathing can
be heard in every valley. We be-
lieve this iron animal has come to
stay. It carries with it a spirit of
progress and should give to farm
life an attraction that has never
been there before.

In a speech before the Senate re-
cently, Senator Walsh, of Massachu-
setts, in referring to the failure of
the recent session of Congress to do
anything said it represented "A
spectacle of difference that has sel-
dom been surpassed since the
counsellors of Louis XIV. revelled
while the French peasants were eat-
ing grass."

When the Republican party goes
before the nation this fall with a
plea for votes, the only reason it
can present for asking a continuance
of power, is that it may secure an
endorsement of its vagrancy. Their
majority in Congress has done noth-
ing, but fritter away, precious time
and hundreds of thousands of the
people's money in an attempt to
overturn the great work of a Demo-
cratic president, and to restrict his
constitutional powers.

A certain Republican paper says
"The United States is technically at
war with Germany today, simply be-
cause of the vote of the minority in
our National Congress." The real
reason is, brother, that Boss Lodge
and his followers would wreck the
ship of state, rather than have a
Democratic go down in history as
having "put over" the greatest and
most beneficial piece of statesman-
ship of modern times. This same
paper is continually harping on the
fact that Woodrow Wilson has done
so much, while at the same time, it
seems to utterly fail to see the tre-
mendous duties that its hosts in
Congress have failed to perform.

CENTERTOWN VS. MOORMAN

The Centertown and Moorman
baseball teams played a lively game
on the later's diamond last Sunday,
with about 1000 fans out to witness
the fun. The score card showed a
result of 10 to 5 in favor of Center-

already interesting program, those
present witnessed a free for all
knock down fight. No deaths re-
ported.

THOMAS MORRIS DEAD

Mr. Thomas Morris died at his
home near Dukehurst, last Monday
after a lengthy illness of a compli-
cation of diseases. He was 63
years of age and is known and re-
spected by a large part of the citi-
zenship of Ohio County. He has
been for a number of years a mem-
ber of Concord Baptist church.
Among those of his relatives still
living are his wife one daughter,
Lizzie, at home; three sons, Ernest
of Hartford; Albert, of Livermore;
and Oscar, at home.

Funeral services were conducted
at Concord church, Tuesday after-
noon by Rev. M. G. Snell. The body
was buried in the cemetery nearby.

SMALLPOX AT NARROWS

Dr. E. B. Pendleton went to Nar-
rows, Saturday, and placed a por-
tion of that town under smallpox
quarantine. Earl Harison is the lat-
est case reported. Others who have
the disease are: Mrs. Tilda Milam
and her daughter and little grand-
son. The contagion was brought to
that neighborhood by Mrs. Milam's
daughter, Mrs. Johnson, who was
working in Owensboro, and came
home on a visit.

DRY LAWS HELD VALID BY HIGHEST COURT

Washington, June 7.—Every con-
tention raised against the constitu-
tionality of the Volstead prohibition
enforcement act, and as to the val-
idity of the national prohibition
amendment to the Federal Constitu-
tion, were swept aside today by the
United States Supreme Court in a
decision which held constitutional
and regular all phases of the exist-
ing law and amendment.

On the main issues involved the
court's opinion was unanimous.

"INSIDE FARM DOPE"

A COLUMN FOR OHIO COUNTY FARMERS SUPPLIED BY EXTRACTS FROM THE OFFICE OF THE DEAN OF AGRICULTURE AND YOUR COUNTY AGENT—A SK YOUR COUNTY AGENT

HOW IT WORKS

The State Legislature is in session. Many bills have been proposed; many new laws are to be made.

Business men are organized and have capital. Whenever a bill comes up that in any way affects business representatives of these men work for that bill or oppose it, as they wish.

And your law makers are duly impressed.

Labor is organized. Its representatives are on hand. If there is a bill that is in any way injurious to labor your law-makers are at once informed that labor will endure no injustice. If labor wishes the enactment of a new law it says so, and says so emphatically.

And your law makers are duly impressed.

When business or labor speaks law makers see more than the few men speaking—they look at the vast organization behind these representatives.

And the farmer—well he is not there during law making. He is at home. This is the reason why farmers' interests do not cut a larger figure in our legislative halls.

THE REMEDY—Organization and Capital.

The Kentucky Farm Bureau Federation is the organization.

Capital upon which to work it will have if you and your friends join your local County Bureau.

And make no mistake, friend, the farmer will never come into his own until there is organization and capital with which to work.

ALL A DREAM? IT CAN'T BE DONE.

Listen to what our State did more than a year ago:

Consider Illinois

A Legislative Committee was maintained at the State Capital which saw to it that the farmers got a square deal from the legislature.

They succeeded in passing every bill which they approved and they likewise succeeded in killing every bill to which they objected.

This is what your own Kentucky Farm Bureau will do if you furnish them the organization and the means with which to do it.

Is there any good reason why you should not join your County Bureau?

All required is for you to sign up and pay your yearly dues.

LOCUSTS

Ollie Thomas brought to the city Friday a number of specimens of the

thirteen-year locusts in various stages of development which he obtained near the city. He reported that the insects were confining themselves principally to the dogwood and cedar trees and were stripping the leaves from trees. Mr. Thomas said that they sing a great deal during the day and that the sound is greatest about noon. He found the locusts near the farm of Judge Hall.

J. H. Fowler, who lives on rural route No. 4, three miles from the city, also bought a number of specimens of locusts to the city this week, which he found in two strips of woodland near his farm.—Madisonville Hustler.

AERIAL MAIL SERVICE COMPLETES SECOND YEAR

Washington, D. C.—The second anniversary of the establishment of air mail service was celebrated May 15. Routes in operation at the close of the second year extended from Washington to New York, New York to Chicago and Chicago to Omaha. Within a few weeks the service will be extended to St. Louis, and a survey and inspection of the proposed route to San Francisco is being made. Coast-to-coast service will be established soon after the beginning of the new fiscal year, July 1, when the necessary equipment is acquired and landing fields perfected.

The Post Office Department has demonstrated by its daily service that mail can be carried by airplane under all weather conditions. In the second year of the service postal planes covered 498,664 miles, with an average performance of 87 per cent, including flights under the most adverse weather conditions.

Perfectly Useless

Nobody except our own dusky doughboys can appreciate how really black a negro can be until he has seen an Algerian.

Two American darkies in Brest ran across a gaily clad native of the Northern coast of Africa whose complexion resembled the traditional hour just before dawn.

"Say," ejaculated one. "There ain't no sense being so damn black as all that."

Sollicitous

"My physician told me that I should not overdo—that I should perform only such work as was pampered recruit querulously.

"Don't worry, son," replied the mardbolled sergeant, "we'll see that it's all unavoidable."

MRS. BRUCE IS CONVINCED BY RECENT TRIAL

Personal Test Proved Perfect Tonic To Be the "Very Best Of All" Declares Nurse

Louisville, Ky., June 8.—"Several people had told me that Trutona was the very best tonic I could find and I think the same of the medicine myself now, because it's simply wonderful the way Trutona has brought me out of my troubles."

In the foregoing words is to be seen the reason why Mrs. Mamie Bruce, a well-known Louisville nurse who lives at 1018 South Seventh Street, so highly praises the Perfect Tonic. Mrs. Bruce is surely well-qualified to judge the merits of a preparation and her statement will deeply impress many suffering people. Continuing she said:

"I weighed 124 pounds when I began Trutona but today I tip the scales at 138 pounds and I'm still gaining. A catarrhal affection had been constantly causing the formation of mucus in my head. I could hardly talk and I'd just have one cold after another. My system had gotten in awful shape. For several years I hadn't been able to eat meat, especially fat meats and every thing I ate seemed to stick in my throat."

Well, I don't think it's possible for a tonic to make a person feel better than I do now. I took four bottles of Trutona before I noticed the benefits but from then on the medicine certainly did do the work. My catarrhal affection has been entirely relieved and to this day I wouldn't know I'd ever had such an ailment. I'm eating everything I want every day now—things I couldn't touch for years, and I suffered no bad after effects."

Trutona is sold in Hartford, by James H. Williams, and in Beaver Dam, Ky., by the Beaver Dam Drug Company.

CENTRE COLLEGE GIVEN \$250,000

Danville, Ky., June 5.—A subscription of \$200,000 from the General Education Board assures \$565,000 for the endowment fund of Centre college. Dr. William A. Garfield, president of the college, announced last week. Although Doctor Garfield has fixed the goal of the endowment campaign at \$500,000, the General Board provided, in making its donation, that \$400,000 additional be raised.

Among the large donations to the endowment fund are Mrs. Eugenia Young, Mrs. Sarah Young, and Mrs. Villah Jacobs, daughters of a former president of Centre college, \$50,000; The Board of Education of the Presbyterian church, U. S. A., \$120,000, and Carnegie foundation, \$75,000.

WAR DEPARTMENT PLACES NITRATE ON THE MARKET

Washington, D. C.—The War Department has ordered sold from its stores 100,000 short tons of sodium nitrate. This is to be released for commercial purposes that it may be used in the manufacture of fertilizer for the relief of the farmers of the country, who are suffering from a fertilizer shortage. The nitrate will be sold at \$88.90 per short ton, f. o. b. car storage point, which is the cost price to the Government.

The nitrate is part of the Government's war reserve, and will be replaced by imported nitrate after the present stringency has passed.

SIX MEN ARE KILLED IN MINE EXPLOSION

Pittsburg, Pa., June 8.—At least six men were killed by an explosion in the coal shaft of the Ontario Gas Coal Co., near Cokesburg, Pa. The men were buried under tons of earth and the foreman in charge of the work said he would not be able to tell the exact number of dead until the bodies had been recovered.

Got Good Results

This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore muscles, awful tired feeling and other symptoms of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them." Mrs. Chas. Gray, 270 6th St., Detroit, Mich. (Advertisement.)

MORE EVIDENCE!

Of the Dependability of the Goods We Carry

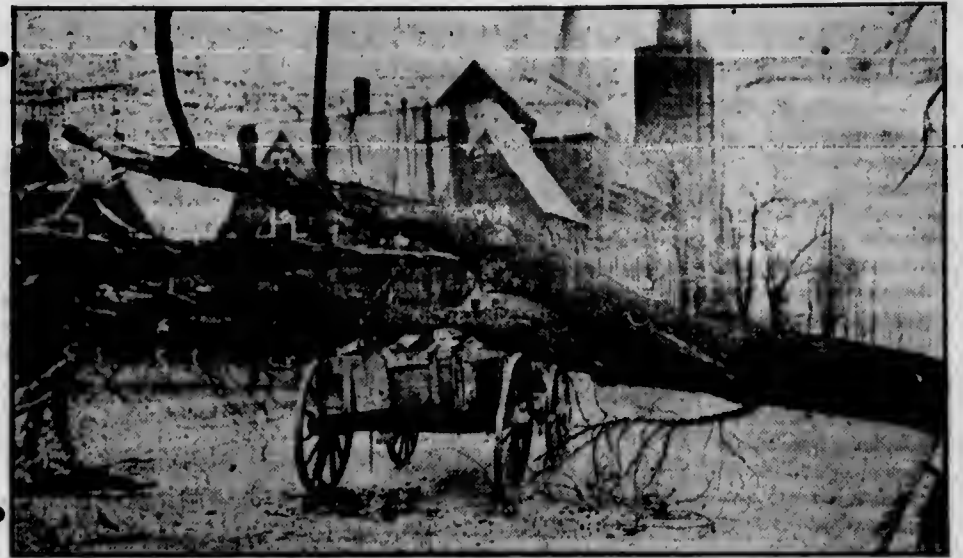

One day last month while driving a wagon loaded to capacity with coal, Mr. G. W. Botts happened to a most unusual accident. When he reached the corner of Third and Daviess streets, a large elm tree, 32 inches in diameter at the base, blew over and fell directly across the center of his wagon. Had it not been for the fact that the team lunged forward as the tree fell, Mr. Botts would have, no doubt, been struck by it and perhaps killed.

Upon investigation, we found that we had sold this wagon about twenty years ago.

The Picture Below is Evidence of the Truth Of This Incident

But what is of more importance is the fact that it is evidence of the dependability of our line of goods.

After a wagon has given good service for twenty years and then stand such a test as this, it is our opinion that the owner got his money's worth.

Bain and Weber Wagons STAND UP

This has been proved over and over again right here in our part of the state. The wood stock and workmanship absolutely cannot be excelled, and we buy in such quantities as to insure you the very best goods on the market at a price in reach of all and cheaper than they can now be bought in car quantities.

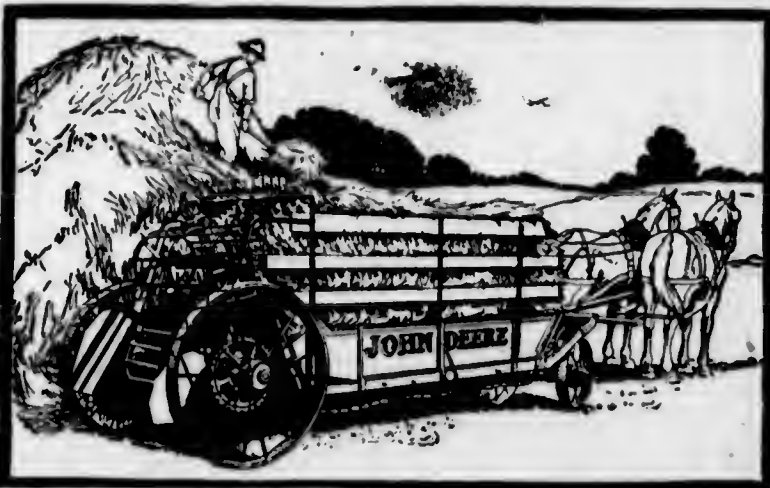

We have these wagons in the regular WIDE TRACK. Remember, there has been over five thousand wide track wagons sold in this and surrounding counties, and it is these wagons which are going to make the track to market next fall. The wide track wagon is here to stay, as long as we have dirt roads, and one would do well to line up with them.

Come in, when in town, and let us demonstrate these wagons to you.

Put Your Surplus Straw Back On Your Land

The straw that you burn or use wastefully can be put back on your land with big profit. Properly spread, straw acts as a mulch on fall seeded crops. It prevents soil blowing, prevents winter killing, prevents wintersleet from smothering plants—and when turned under it has almost as much fertilizing value as manure.

Spread your straw—come in and get a John Deere Spreader with Straw Spreading attachment. Get double use and double profit from it. The John Deere Spreader with a Straw Spreading Attachment spreads

straw and spreads manure—does a fine, even job in either case.

One man operates the John Deere either when spreading straw or manure. After the machine is loaded, get on the seat, put the machine in gear, start the team or tractor, set the machine for heavy or light spreading as conditions require—that's all.

To take off the Straw Spreading Attachment for manure spreading is only a 30-minute job for one man. The change is quickly and easily made.

Don't attempt to get along another year without this profitable equipment.

Come in and let us show you an outfit that will pay for itself in a short time.

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Toquon, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

The Planter of Many Purposes

It is like discussing the merits of a trusted friend to get experienced corn growers talking about International corn planters.

The accuracy with which they drop 2, 3 or 4 kernels to the hill, as desired, is only one of their commanding features. The planter can be quickly adjusted to keep the boots level so that hills are evenly checked for cross cultivation. It can be used as a straight drill simply by pressing down a small foot pedal, or it can be set to drop full hills without the use of a check wire, by the addition of a simple power drop attachment.

No matter what kind of seed you want to plant, there is an International that will do it the best way. For instance, the International No. 2 has been designed for the man who plants a variety of crops. Its range of widths and hill distances makes No. 2 especially valuable to the truck farmer. There are other styles, suited to various planting purposes, all giving unvarying satisfaction.

With International corn planters goes a quick, responsive service equal to any emergency. We will gladly explain fully the different International corn planters and the uses to which they are especially adapted. Come in and see us.

TWO VIEWS OF WOMEN AS POLITICAL FACTORS

Nothing better illustrates the difference between the Democratic and the Republican attitude toward the women voters of the country than the New York delegations to the two national conventions.

While there are two women delegates-at-large from the State and forty-two women alternates for the Democratic convention, only two women district delegates and nineteen women alternates will attend the Republican convention. This contrast in the way of recognizing the new voters shows exactly the relative positions of the two parties. On the one hand the Democrats, forward looking, recognize the progress of the world toward the realization of the dream of government by "the people, for the people." To them is due largely the

credit of legislation that has hastened the enfranchisement of women, and their support of suffrage has not ended in aiding half the citizenship of the country to obtain the vote.

NATION IS LEARNING LESSONS IN ECONOMY

Women Who Practice Thrift
Find Clothing Cost Can
Be Reduced

For months the Government at Washington has been preaching thrift through the Department of the Treasury, the Department of Justice and other departments, and with the approach of summer there appears to be widespread evidence of a national effort to heed repeated warnings against extravagant spending of money.

Clothing is naturally the first necessity on which economy can be practically applied, and the example set by women prominent in official life in the National Capital, who have been learning to make their own gowns and hats, is being widely followed. Classes in dressmaking and millinery in schools and Y. W. C. A. centers are crowded, and as a result of the agitation regarding the high cost of living many shops are making substantial reductions in the prices of summer wearing apparel.

After every war the people of the United States have been brought face to face with the same problems. During reconstruction days the process of paying the cost of a conflict with arms incurs heavy taxes and decreased production advances the cost of living. History shows that the experiences of 1920 are merely a repetition of previous experience through which the parents of this generation passed with much the same feelings that are voiced by the men and women of today.

DUNDEE SINGING CONVENTION

Singing Convention met in Dundee, Sunday, May 30, Chairman G. J. Christian presiding. Convention opened with singing by congregation. Report of committee submitted and the following classes were presented: Marvin's Chapel, Ernest Duke, leader; Sulphur Springs, Tom Midkiff, leader; Dundee, Wilbur Johnston, leader.

Election of officers being next in order, Bro. G. J. Christian, was elected chairman and J. E. Mitchell, Secy. Marvin's Chapel was first to sing. They sang the following selections: "A Beautiful Light," "A Mansion for Me" and "The Gate Ajar."

Dundee class was next to sing. Their selections were: "Hallelujah, He is Mine," "When We Reach the Golden Shore" and "He Reigns as King."

Sulphur Springs came next. This class sang: "He is Watching Over You," "If Thou Art Mine" and "Blessed Home Beyond the Shadow."

At 11:45 a. m., the Convention adjourned to meet at 1:30 p. m. There was plenty of dinner and every one was invited to partake of the many good things to eat.

Promptly at 1:30, the house was called to order by the chairman and opened by singing "Marching on to Zion," by congregation, after which a very interesting talk was given by Dr. D. H. Godsey, subject "Music."

The order in which the classes sang in the afternoon was as follows: Sulphur Springs, "Jesus Keeps Me," "When the Saviour Died for Sinners Long Ago" and "Oh! Praise the Lord."

Dundee, "For the Glory of the King," "We're Marching Home" and "The True Conqueror."

Marvin's Chapel, "Scatter It Everywhere," "Harvest Time is at Hand" and "Billows of Mercy."

The next convention will meet at Sulphur Springs, the 5th Sunday in August. There being no further business, the congregation was dismissed by Bro. Garfield Barnard.

The Only Problem

"What do you expect to get for those spuds?" asked a traveling man in Buffalo on meeting a farmer driving a load of potatoes to market.

"Dollar a bushel."

"Only a dollar? Why, in my home town you could get two dollars."

"And where's that?"

"El Paca."

The farmer spat philosophically over the side. "Yaas," he drawled. "And ice water sells for a thousand dollars a gallon in hell. It's just a matter of transportation."

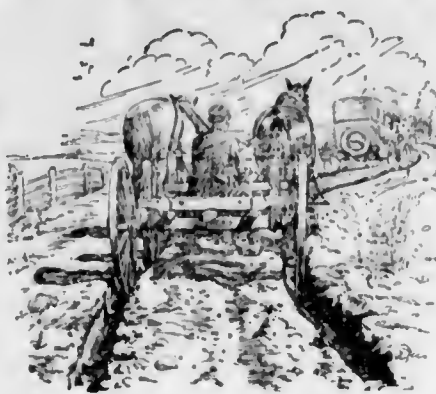

Sony Distinction

"We're going on a stumming party. Want to come along?"
"All depends. Army slum or old-fashioned stew?"

HARTFORD HERALD AND DAILY OWENSBORO MESSENGER 1 YEAR \$5.10.

Weber Wagon Value

At half price
would you purchase any automobile in 60-inch track?

At half price
could you sell to a farmer any automobile in 60-inch track?

Why mislead a farmer into buying a farm wagon that won't track with the automobile?

What better path could a wagon use than the one made as shown above?

When you purchase a Weber Farm Wagon you get more than just a farm wagon. That fact alone is worth looking into.

Some wagons are sold more for the purpose of making a sale and as large a profit as possible than for giving service.

Some dealers are antagonistic to the Standard Track (the one track for every section of the United States) for farm wagons; the 56-inch auto track (not wide or narrow) because they have not got the agency for the Weber.

Some dealers will talk a farmer into buying a 60-inch old-track farm wagon, but when such a dealer goes into the country on business or pleasure does he use a 60-inch track farm wagon, leaving his automobile at home because the 56-inch track is wrong? NO, he uses 56-inch track to go anywhere and everywhere.

Ask the dealers selling automobiles if they have any trouble selling 56-inch track—if they could sell automobiles in 60-inch track even at half price. The answer will be NO.

What track should your new farm wagon be? The Standard 56-inch track, which is neither wide nor narrow.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.
